

Biesse success at the STAR Conference 2016

Milan, 17 March 2016 - Biesse received many and qualified requests for meetings at the recent STAR Conference 2016 organized by Borsa Italiana.

During the two day event held in Milan the company presented its results for 2015 and the principal drivers behind its Three Year Industrial Plan to more than 50 investors and financial analysts from Italy and abroad.

“the positive trend during these first 10 weeks 2016 –the Group General Manager Mr. Stefano Porcellini commented during the Milan event- is confirming the good orders intake even stating that the Group is on target to meet the expectations we included in the recently approved Three Years Business Plan. This is happening despite the deep recession in Russia, Brazil and the more recent slow-down in Turkey, all of which have been extremely important for Biesse over the last two years; the western advanced economies and the Asia-Pacific area are more than compensating for these effects.”

Starting from the first week of April, Biesse management will visit London, Geneva and Paris to hold meetings with the leading financial partners in those regions.

BIESSE S.p.A. - Biesse operates in the market for machinery and systems for working wood, glass, marble and stone. Established in Pesaro in 1969 by Giancarlo Selci, Biesse SpA has been listed since June 2001 in the STAR segment of the Italian Stock Exchange. Since October 2015 it has also been a component company of the FTSE IT MID CAP index.

The Company offers modular solutions from the design of turnkey plants for large furniture manufacturers to individual automatic machines and work stations for small and medium enterprises and the design and distribution of individual highly technological components.

As a result of its attention to research and innovation, Biesse can develop modular products and solutions capable of responding to a vast range of requirements from clients.

A multinational company, the Biesse Group distributes its products through a network of subsidiaries and associates located in all leading strategic markets.

The 34 directly controlled subsidiaries guarantee specialized after-sales assistance to clients whilst at the same time carrying out market research in order to develop new products. The Biesse Group currently has more than 3,170 employees in its main production sites in Pesaro, Alzate Brianza, Bangalore, Dongguan and its subsidiaries/branch offices in Europe, North America, Latin America, the Middle East and Far East and in Australasia. The Group also has no fewer than 300 resellers and agents enabling it to cover more than 100 countries.
